## Student & Parent Raising Achievement Evening

Dear Parents/Carers

The academy is extremely impressed with the amazing start our Year 11 students have made to this crucial year. It is essential that we as an academy give every student the support they need throughout this final year; however, we also appreciate the important role parents and carers play in supporting their children through this challenging time.

The Raising Achievement Evenings that will be held throughout the year, at specific periods, is your opportunity to come into the academy with your child and find out what support is available to students, when crucial dates and assessment deadlines are, and ask any questions you may have.

The first Year 11 Raising Achievement Evening will commence on Tuesday 20<sup>th</sup> September in the Main Hall at the academy at 18:00. Please see the agenda of the evening below:

- An overview of the expectations for the year ahead
- Period 6s
- Victory Culture – rewarding, supporting and raising achievement
- Subject outline for English, mathematics & science from the Directors of each specified department
- Information on all other subjects
- Refreshments provided throughout in the dining area.

We look forward to welcoming you into the academy and working together to enable your child to reach their full potential.

With sincere regards

Miss M. Youngman  
Head of Year 11  
Curriculum Leader of ICT and Computer Science

**Please could you complete the form below notifying us of your attendance and return to the VIP Team on or before Friday 16<sup>th</sup> September 2016.**
